Mr. J. B. E. Wernecke
Botanical Collector
Royal, Nebraska

Dear Sir:

Your post card of February 6 addressed to Mr. J. C. Kircher is received. We have noted that you are collecting material of many kinds of trees and shrubs and are retaining a list of the seeds that you are in a position to furnish.

Your postal has been sent to the Bureau of Plant Industry for their information.

Very truly yours,

A. B. Hastings,
Chief of State Cooperation
By: W. R. Mattoon
Acting.

Mr. J. B. E. Wernecke
Botanical Collector
Royal, Nebraska

Dear Sir:

Your post card of February 8 addressed to
Mr. J. C. Kircher is received. We have noted that you
are collecting material of many kinds of trees and shrubs
and are retaining a list of the seeds that you are in a
position to furnish.

Your postal has been sent to the Bureau of Plant
Industry for their information.

Very truly yours,

A. B. Hastings,
Chief of State Cooperation
By: W. R. Mattoon
Acting.

Royal, Nebr. February 6, 1933.

Dear Sir, - Since I live west from 98° longitude I consider myself within the Great Plains Region. I roam over a great deal of local territory in order to collect wild plants and their products. No nursery inspectors could cover my range and if you or any of your supervisors of the central forests order any plant products from me please inclose gratuitous shipping tag or tags from your respective State Nursery Department or similar authority authorizing you to ship in plant products that could not be inspected at their source. All the following goods which I hereby offer for sale were gathered by me personally from wild plants in 1932

(over)

From J. B. E. Wernecke, botanical collector, Royal, Nebr.
Return postage guaranteed if undeliverable.

THIS SIDE OF CARD IS FOR ADDRESS

(unless stated otherwise) and will be sent post paid:
Amorpha canescens (pods) 50¢ lb } Of both I have
Amorpha fruticosa (pods) 50¢ lb } several pounds
on hand, but could gather more even now. *Amorpha*
fruticosa pods contain some with wormholes every
season and I cannot eliminate them.
Tilia Americana (seeds) 50¢ lb up to 2 pounds
Prunus Americana (pits) 35¢ lb up to 15 lbs
Psoralea esculenta (roots, running from very
small to almost lemon size) \$1.00 lb
Rhus glabra panicles of seeds 50¢ lb
Euonymus atropurpureus (capsules) 50¢ lb up to 5 lbs
Celastrus scandens (seeds) \$1.00 lb up to 3 lbs
One or more seed packets @ 10¢ each of *Lathyrus ornatus*
(old), *Celtis occidentalis* (old), *Cactus viridiparus*, *Robin-*
ia pseudacacia (cult), *Gleditsia triacanthos*
(cult), *Sporoclea leptophylla*, *Pentstemon grandiflorus*,
Xanthoxylum Americanum (old), *Parthenocissus 5-*
folius, *Oleome serrulata*, *Polarisia trachysperma*,
etc., but small 10¢ packets may be had of any seed
which I offer. Seeds are well kept and sometimes
come with surrounding parts, as pods, etc., but are
never guaranteed as to viability or in any other way.
12 or 3¢ postage stamps will be taken same as cash
but I suppose you would send government voucher
for my pay. If I can't send all the goods ordered
please allow me to ship whatever part I may be
able to furnish. I may gather seeds or other wild
plant products during the coming season and will
furnish well-written local plant lists with bloom-
ing dates of about 275 species @ 25¢ each. You will
do me a favor if you hand this card to another interested
party after you are through with it. Correspondence and
inquiries are always welcome and will be an-
swered gladly, gratis, and freely. Yours Respectfully,
J. B. E. Vernecke, botanical collector, Royal,
Nebraska.
